## GROOMING SPA TERMS AND CONDITIONS

1. Wagging Tail Resort requires proof that each pet is current on Rabies, DHLPP, and Bordetella. Nevertheless, it is still possible for vaccinated pets to become ill with an infectious condition despite being vaccinated. This is not due to any circumstance or condition in the Grooming Salon and you agree that you will not hold Wagging Tail Resort liable in the event your pet becomes ill with an infectious condition during or after its appointment. Your vet may fax vaccination records to 731-554-1881. We do not accept "owner administered" vaccinations.
2. Wagging Tail Resort is not responsible for allergic reactions resulting from the manufacturer-recommended usage of any products. Although a pet may experience an allergic reaction to grooming products at any time, flea and tick products are associated with a higher incidence of reactions. Please consult your veterinarian prior to having your pet treated if you have any questions concerning your pet's sensitivity to such treatments. Pets that are found to have fleas during the grooming process will be given a Capstar tablet and a charge will be added to the cost of grooming. Additionally, a flea sanitation/disinfection fee will be assessed.
3. Wagging Tail Resort follows strict guidelines for the health and safety of our grooming clients. However, no matter how careful our groomers are, minor clipper burns, skin irritations, and nicks may occur as a result of the animal's sudden movement during grooming. You acknowledge that shave downs and short summer cuts may cause skin irritation, and in rare instances, clipper burns. Wagging Tail Resort is not responsible for minor nicks, scrapes, clipper burns, and/or pre-existing medical conditions or other medical problem(s) as a result of the grooming process.
4. Pet(s) whose coats are matted or tangled are often times denied regular circulation and skin stimulation. This leads to unhealthy situations including irritated/discolored skin, sores, foul odors, and even organic matter like weeds embedded in the skin. Wagging Tail Resort will use its best efforts to minimize the effects of de-tangling and de-matting. However, please be advised, de-matting or coat removal on matted pets is a delicate and slow process which may present certain post-grooming risks including, but not limited to: itchy skin, discolored skin, clipper/sun burns, sores, and more. Wagging Tail Resort shall not be held responsible for minor nicks or burns resulting from the grooming of matted, neglected coats or the irritation caused by coat removal.

5. The health of each pet is the Resort's number one concern. If we feel the safety or well-being of your pet and/or a salon associate is in jeopardy, a muzzle may be used, or services refused or discontinued. In case of an emergency, you designate Wagging Tail Resort as agent and understand that the Resort will do whatever is deemed appropriate for the well-being of your pet while in our care. If your pet becomes sick or injured and requires professional attention, we will attempt to contact you. However, if we are unable to contact you, The Resort, in its sole discretion may engage the services of a veterinarian and the expense shall be paid by you.
6. Any pet not picked up by 5 PM will be transferred to a boarding suite for overnight stay at our regularly published rate.
7. If you cancel your grooming reservation within 24 hours of your appointment, a \$15.00 cancellation fee will apply to your account.
